Minister of State for Agriculture,
Agriculture Education, Agriculture Research,
and Medical Education
Government of Uttar Pradesh

Shri Yogi Adityanath
Member of Parliament,
Lok Sabha

Shri Kamlesh Paswan
Member of Parliament,
Lok Sabha

As an initiative in harmony with Government of India's commitment to empower farmers, increase agricultural income and accelerate rural development, this project is being implemented by Hindustan Urvarak and Rasayan Ltd. (HURL), a joint venture of NTPC and Coal India Ltd. The revival of Gorakhpur Fertilizer Plant would entail an investment of over ₹6000 crore and generate 12.7 lakh tonnes of urea per annum and contribute in bridging the demand-supply gap of urea. This initiative would help the farming community in getting urea timely and begin a new era of rural progress and prosperity in India.
